

RESTful Services: Data, JAX-RS and Jersey

Course Overview

This course will introduce students about RESTful Services, including install, JAX-RS, and Jersey, developing an application, and the server.

Chapter 01 - Install, JAX-RS, and Jersey

53m

Topic A: Dependency Installations - Part 1
Dependency Installations - Part 2
Dependency Installations - Part 3
Topic B: Deployment Installations - Part 1
Deployment Installations - Part 2
Deployment Installations - Part 3
Topic C: Background - Part 1
Background - Part 2
Background - Part 3
Topic D: JaxRS - Part 1
JaxRS - Part 2
JaxRS - Part 3
Topic E: Jersey - Part 1
Jersey - Part 2
Jersey - Part 3

Chapter 02 - Developing an Application

50m

Topic A: Creating - Part 1
Creating - Part 2
Creating - Part 3
Topic B: Running - Part 1
Running - Part 2
Running - Part 3
Topic C: Deploying To Heroku - Part 1
Deploying To Heroku - Part 2
Deploying To Heroku - Part 3

Chapter 03 - The Server

1h 24m

Topic A: Creating the Server - Part 1
Creating the Server - Part 2
Creating the Server - Part 3
Topic B: Coding the Server - Part 1
Coding the Server - Part 2
Coding the Server - Part 3
Topic C: Coding the Server Continued - Part 1
Coding the Server Continued - Part 2

Coding the Server Continued - Part 3

Topic D: Running the Server - Part 1

Running the Server - Part 2

Running the Server - Part 3

Topic E: The Client Side - Part 1

The Client Side - Part 2

The Client Side - Part 3

Total Duration: 3h 7m
