

# SQL Server 2014: Tour and Installing

## Course Overview

This course will introduce students to SQL Server 2014 tour and installing, as well as teach them about SQL Server Data Tools, mode, tables, BI Services, preparing for installation, installation, and configuration.

### Chapter 01 - Introduction

1h 1m

Topic A: Introduction - Part 1  
Introduction - Part 2  
Introduction - Part 3  
Topic B: Using Management Studio - Part 1  
Using Management Studio - Part 2  
Using Management Studio - Part 3  
Topic C: Exploring DB Objects - Part 1  
Exploring DB Objects - Part 2  
Exploring DB Objects - Part 3

### Chapter 02 - SQL Server Data Tools

53m

Topic A: Customizing the UI and Help - Part 1  
Customizing the UI and Help - Part 2  
Customizing the UI and Help - Part 3  
Topic B: SQL Server Data Tools - Part 1  
SQL Server Data Tools - Part 2  
SQL Server Data Tools - Part 3  
Topic C: Using SQL Server Data Tools - Part 1  
Using SQL Server Data Tools - Part 2  
Using SQL Server Data Tools - Part 3

### Chapter 03 - Mode, Tables, and BI Services

57m

Topic A: Disconnected Mode - Part 1  
Disconnected Mode - Part 2  
Disconnected Mode - Part 3  
Topic B: Tables, Queries, and Views - Part 1  
Tables, Queries, and Views - Part 2  
Tables, Queries, and Views - Part 3  
Topic C: SQL Server Integration Services - Part 1  
SQL Server Integration Services - Part 2  
SQL Server Integration Services - Part 3

### Chapter 04 - Preparing for Installation

38m

Topic A: Preparing for Installation - Part 1  
Preparing for Installation - Part 2  
Preparing for Installation - Part 3

Topic B: Upgrading an Earlier Version - Part 1  
Upgrading an Earlier Version - Part 2  
Upgrading an Earlier Version - Part 3

**Chapter 05 - Installation and Configuration**

1h 4m

Topic A: SQL Server Installation - Part 1  
SQL Server Installation - Part 2  
SQL Server Installation - Part 3  
Topic B: Configuring the Server - Part 1  
Configuring the Server - Part 2  
Configuring the Server - Part 3

**Total Duration: 4h 33m**
