Why Measure?  
Why Measure?  
What should you monitor?

**Module 11C - Other Items to Monitor**

19m

What should you monitor?  
Risk Monitor and Control  
Risk Monitor and Control  
What should you monitor?  
Control Issues  
What should you monitor?  
Manage Stakeholder Engagement  
What should you monitor?  
Control Documents  
What should you monitor?  
Control The Product, Service or Result  
Control The Product, Service or Result  
Quality Terms and Definitions  
7 Basic Quality Tools  
Controlling Quality  
What should you monitor?

**Module 11D - Controlling Changes**

3m

Controlling Changes  
Controlling Changes  
Example Change Request Process  
Agenda

**Module 12 - Closure**

9m

Closure  
Fundamental Project Management Processes and Tools  
Customer Feedback  
Customer Feedback Survey  
Lessons Learned  
Lessons Learned  
Fundamental Project Management Processes and Tools  
Project Summary Report  
Performance Evaluations  
Documentation Close-out  
Celebration  
Agenda

**Module 13 - Course Wrap Up**

14m

Course Wrap Up  
Project Procurement Management  
Project Procurement Management  
Project Procurement Management  
Typical Steps  
Procurement Statement of Work  
Typical Steps  
Bid Document
